

## ST. ALBERT RUGBY FOOTBALL CLUB

**Hello families of youth players,**

Thank you for registering, and a very warm welcome (back) to SARFC!

Once you submit and pay for your youth player's registration, and receive your confirmation & receipt, they are registered. Their registration is valid through April 30th of the following year. This means that they can attend optional indoor training over the winter (January - March / early April), which is offered for U13 and older.

The outdoor season begins in late April, with training at the Club once the snow goes and the melt has drained off the fields. The first games will be in early May for U13-U15 and July for U17-U19. U5-U11 programs kick off at the end of April with first U7-U11 games May 7th and the season wrapping up mid-July.

There is no club rugby on the May, July or August long weekends.

All registered players will be added to a TeamSnap roster which will be used for attendance, communications, health checks and schedules. Please use this free app, as this is how the Club and your coach will keep in touch with you throughout the season. Once you log into the app you can add email addresses, so that other parents/guardians can receive information and notifications.

Our website is also a good resource for top-level details of training nights, game days, and equipment needed for each age group, until you hear more from your coach or team manager via TeamSnap: [info on youth rugby](#).

Please direct any questions to [stalbertjuniorrugby@gmail.com](mailto:stalbertjuniorrugby@gmail.com) for Juniors (U13-U19) and [stalbertminirugby@gmail.com](mailto:stalbertminirugby@gmail.com) for Minis (U5-U11).
